OFFICIAL RACE ACCESSORIES

THE OCEAN RACE

GIFTING WITH THE OCEAN RACE

Welcome to the official business gift collection of The Ocean Race.

This catalogue sets out the official accessory and gift products available for use by partners and affiliates of The Ocean Race 2022–23.

Every product detailed here has been selected based on its sustainable content or on the contribution it makes to sustainable lifestyles...often both. Single-use plastics have been avoided.

All products shown are from our official fan collection – made and sold exclusively by The Ocean Race.

Only associates of The Ocean Race are permitted to personalise official products or use them for promotional or gifting purposes.

All items may be ordered without personalisation in any quantity. Most are available for delivery already from September 2022.

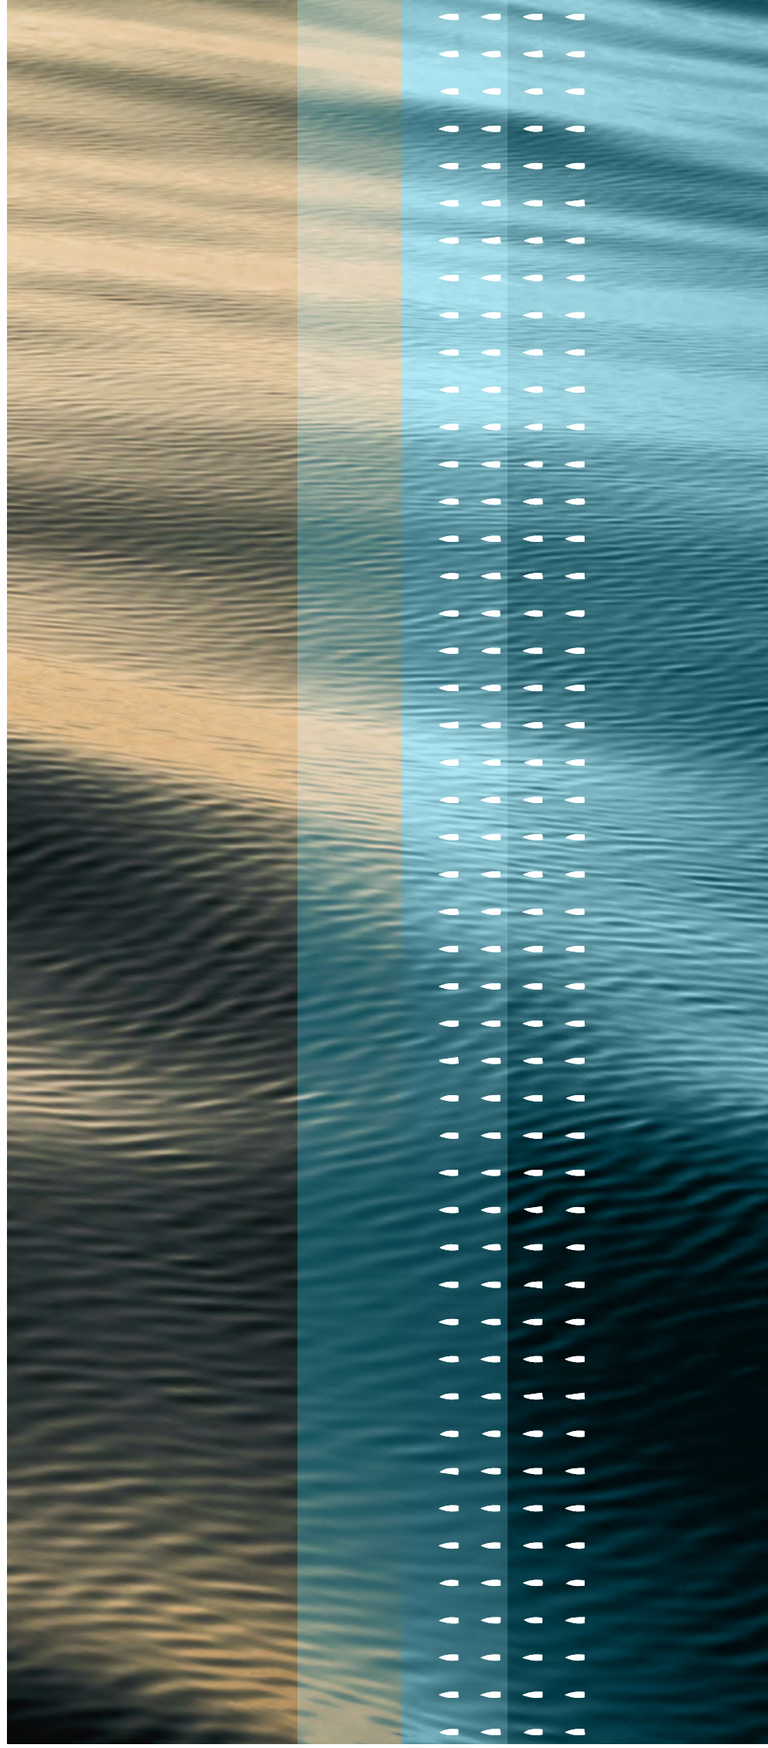

Personalisation requests are subject to incremental charges and, in some cases, additional constraints. Refer to page 3 for an overview of possibilities.

For all queries, mock-ups, logistics and bulk quotations, please contact the Account Management team.

**Remember: when planning gift programmes for large events, avoid excessive consumption by applying volume limits or opt-in clauses.*
